MEMORANDUM FOR: Inspector General
SUBJECT: Air Conditioning of Agency Telephone
Section Chief's Office

1. A matter has come to the attention of this office that might merit action by the Inspector General.

2. Due to the fact that the Agency Telephone Office is located next to PCS/DCI at the east end of the third floor corridor, Wally noticed the section office lacked air conditioning in contrast to other offices located in the building. The Section Chief, [redacted], advised Wally that his superior has told him that he is not "entitled to air conditioning in a permanent building."

3. This is an obvious discrimination which we believe could affect the morale of the four or five employees concerned.
